

2310 GRANT MONEY

The Edenton-Chowan Board of Education authorizes the Superintendent to apply for grants designed to promote the quality of the school system and to reduce the burden on local taxpayers. The Board will decide whether to accept grant money. The Superintendent, in expending grant money, shall follow the school system's normal procedure for the expenditure of funds and shall obtain the approval of the Board when required by policy or law.

All applications for grants or specially funded projects must be consistent with the educational goals of the board. Contracts with non-governmental funding entities must be consistent with G.S. 147, art. 6E.

When required by the funding agency, the proposals will be presented for board approval. The board must be notified of all funds awarded.
