WEBINAR ON-DEMAND ETHICS TRAINING FOR LOCAL ELECTED OFFICIALS

Register

Webinar On-Demand: Ethics Training for Local Elected Officials

In 2009 the North Carolina General Assembly passed legislation that requires local governing boards to adopt a code of ethics and requires board members to receive ethics training.

The School of Government is offering this webinar on-demand as an easy way for elected officials to fulfill the legal requirement for 2 clock hours of ethics training by January 1, 2011. All you need is a computer with Internet access.

Registration fee: \$95. Elected officials may view this on-demand webinar with other board members or individually, **for up to 60 days from the date of purchase.** Upon purchasing the on-demand webinar, the registrant will receive an access link. This access link may be shared with your board members who are also watching independently, and access will be available for up to 60 days from the date of purchase.

Verifying attendance: The law requires the clerk to the governing board to maintain a record verifying receipt of the ethics education by each board member. The School of Government will not provide verification of attendance for the on-demand webinar. Instead, each elected official will be responsible for reporting their attendance to the clerk. Please [click here](#) for a generic form which may be used by clerks to verify attendance for ethics training via webinar, webinar on-demand, or other ethics training events for which the elected official is self reporting.

In keeping with the spirit of the new ethics law, and out of an abundance of caution concerning the legal requirements for board meetings, boards should probably give special meeting notice for live ethics training sessions, or the on-demand presentation of the webinar, if a majority of the board might be in attendance at the event.

See the School of Government [ethics website](#) for information about related statutes, other ethics training opportunities, answers to frequently asked questions, model codes of ethics, and links to contacts at the School of Government.

Duration: 2 hours

To view this webinar on-demand, you will need a computer, speakers (or headphones) and your Internet connection to view and hear the materials. In the event of audio difficulties, a toll-free phone line will also be available to hear the webinar audio.

Group viewing tips: For more than 3 viewers, we recommend you use a projector to project the webinar on a wall or screen in a larger room. Remember to connect and test speakers to ensure you have enough volume. Your built-in computer or laptop speakers will likely not be loud enough. We also recommend your computer be connected with a cable to your network, vs using a wireless internet connection.

ATTENDEES All members of North Carolina cities, counties, unified governments, sanitary districts, and consolidated city-counties.

DURATION 2 hours

ONLINE This webinar was originally broadcast live over the Internet on March 25, 2010. The on-demand version is now available for purchase.

COURSE MATERIALS The webinar handout will be sent via email upon completion of registration.

TEACHING METHODS On-line webinar on-demand
