

Policy Code: 3820 EXTRACURRICULAR ACTIVITIES AND STUDENT ORGANIZATIONS

The board recognizes the value of interscholastic athletics and extracurricular activities in promoting leadership and team skills, practicing democratic principles, and encouraging the lifelong learning process. Students are encouraged to participate in opportunities available at the school, including interscholastic athletics and student organizations. All activities are open to all students attending that school unless a restriction is justified and has been approved by the principal. The principal shall ensure that students and parents are notified of the various opportunities for participation in extracurricular activities and shall establish rules, as necessary, to govern such activities.

A. Requirements for Participation in Extracurricular Activities

Participation in extracurricular activities, including student organizations and interscholastic athletics, is a privilege, not a right, and may be reserved for students in good academic standing who meet behavior standards established by the board and the school.

Participation in extracurricular activities may be restricted if a student (1) is not performing at grade level as provided in policy 3600, Student Promotion and Accountability; (2) has exceeded the number of absences allowed by policy 4000, Attendance; (3) has violated the student conduct standards found in the 4200 series of policies; or (4) has violated school rules for conduct. School administrators choosing to exercise this authority to restrict participation shall provide this policy and any additional rules developed by the superintendent or the principal to all parents, guardians, and students.

The grievance procedure provided in policy 4500, Student and Parent Grievance Procedure, may be utilized by parents or students who believe that a student has been aggrieved by a decision made pursuant to this policy.

B. Additional Rules for Specific Activities

1. Interscholastic Athletics

As provided in policy 3800, Interscholastic Athletics, in addition to meeting the general requirements listed above, to be eligible for interscholastic athletics participation, students must have been in daily attendance 85 percent of the previous semester and must meet all applicable eligibility standards of the **State Board of Education, the** North Carolina High School Athletic Association, **and** the North Carolina Department of Public Instruction, **and as well as** any locally established requirements for interscholastic athletics participation.

Students in the sixth grade are eligible to participate in all interscholastic athletics except **tackle** football.

2. Student-Initiated, Noncurriculum-Related Student Groups at the Secondary Level

The principal shall establish viewpoint neutral rules governing such meetings, including restrictions on when and where meetings may occur.

School employees may not promote, lead, or participate in student-initiated meetings but may be present at meetings to maintain order and discipline, to protect the well-being of the students and faculty, and to assure that attendance of students at the meetings is voluntary. School employees may not influence the form or content of any prayer or other religious activity or require any person to participate in prayer or other religious activity. In addition, non-school persons may not direct, conduct, control, or regularly attend the activities of the groups.

No public funds will be expended on behalf of the student-initiated, noncurriculum-related student groups except for the incidental cost of providing space for the group meetings.

Student-initiated, noncurriculum-related groups will have the same access to communication channels for publicizing their meetings as is allowed to all other noncurriculum-related student groups. However, school officials may indicate in such communications that the meetings are not sponsored by the school.
