

Policy Code: 4100 STUDENT RECORDS

In compliance with the Family Educational Rights and Privacy Act of 1974, [20 U.S.C. Section 1232g](#), and its implementing regulations, [34 C.F.R. Part 99](#), the Edenton-Chowan Board of Education requires its staff and administrators to protect the confidentiality of student records as provided in this policy. All student records shall be up-to-date and maintained with appropriate measures of security and confidentiality.

A. Definitions of Parent and Eligible Student

1. A parent includes a natural parent, a guardian, a guardian ad litem or an individual who is acting as a parent in the absence of a parent or guardian. Unless a court order or other legally binding document specifies otherwise or terminates or suspends all parental rights, both custodian parents and non-custodial parents have a right to review and give consent for release of the child's school record. A copy of any court order restricting a parent's access to a student's files shall be included with the student's cumulative record and shall be complied with by all school personnel.

2. An eligible student is a student who is 18 years of age or older or a student who is attending a post-secondary educational institution.

B. Definitions of Records; Types of Records; Location of Records

Student records protected by this policy include those records, files, documents and other materials in any form that contain information directly related to a student. Student records do not include the records of school personnel that are in the sole possession of the maker and which are not accessible or revealed to any other person except a temporary substitute for the person who made the record.

1. The principal is the custodian of student records maintained at the school, including a student's cumulative file and, if applicable, a confidential file. Each student's records are maintained and released in accordance with this policy by the principal of the school the student currently is attending or most recently attended.

a. The student's cumulative file may include, but is not limited to: a photograph of the student; a personal data sheet; achievement, scholastic, aptitude and other standardized test scores; literacy assessments; a transcript; a certified birth certificate; immunization records; a homeless student's living situation; emergency medical and other health data; and family background information.

b. The student's confidential file contains information regarding the referral, identification and service for special needs, disabled, and academically gifted children. These folders are kept at the school the child attends and are kept in a secure location as part of the student's official record. Copies of some special education records may also be kept at the Edenton-Chowan Public Schools Central Office. See Section 10 below for further information regarding special education records.

2. Official records must be maintained permanently and must include: the student's date of birth, attendance data, grading and promotion data, and notice of any expulsion or long-term suspension (a suspension for a period of more than 10 days) and the conduct for which the student was expelled or

suspended. The Superintendent or designee may expunge a notice of expulsion or long-term suspension from the student's record if all of the following criteria are met: (1) the student graduates from high school or is not suspended or expelled during a two-year period following the student's return to school after the suspension or expulsion; (2) the Superintendent or designee determines that maintenance of the record is no longer required to maintain safe and orderly schools; and (3) the Superintendent or designee determines that the maintenance of the record is no longer needed to adequately serve the student. The Superintendent or designee shall expunge a notice of expulsion or long-term suspension from the student's record if all of the above criteria are met and a parent, eligible student, student who is married, or student who is at least 16 years old requests expungement.

3. Temporary student records may be kept but shall be reviewed annually and destroyed when their usefulness is no longer apparent or when the student leaves school, unless there is an outstanding request to inspect.

4. Juvenile records include documentation or information regarding students who are under the jurisdiction of the juvenile court. These records may be received from local law enforcement and/or other local agencies authorized to share information concerning juveniles in accordance with [G.S. 7B-3100](#). A list of such agencies and the order authorizing the sharing of information shall be maintained by the Superintendent. Such documents shall not be part of a student's official records, but shall be maintained by the principal in a safe, locked record storage that is separate from the student's other records. The principal shall not make a copy of such documents under any circumstances. Juvenile records shall be used only to protect the safety of or to improve the education opportunities for the student or others. The principal may share juvenile records with individuals who have direct guidance, teaching, or supervisory responsibility for the student and a specific need to know in order to protect the safety of the student and others. Juvenile records shall be destroyed if the principal receives notification that a court no longer has jurisdiction over the student or if the court grants a student's petition for expunction of the records. All other information received from an examination of juvenile records shall be destroyed when the principal finds that the information is no longer needed to protect the safety of or to improve the education opportunities for the student or others. If the student graduates, withdraws from school, transfers to another school, is suspended for the remainder of the school year, or is expelled, the principal shall return all documents not destroyed to the juvenile court counselor. If the student is transferring, the principal shall provide the counselor with the name and address of the school to which the student is transferring.

5. Upon notification by a law enforcement agency or the North Carolina Center for Missing Persons of a child's disappearance, the school shall flag the record of any child who is currently or who was previously enrolled in a school and who is reported as missing. If the missing child's record is requested by another school system, the principal shall notify the

Superintendent and the agency that notified the school that the child was missing of the request and provide the agency with a copy of any written request for information concerning the missing child's record.

6. Upon transfer of a child into the Edenton-Chowan Public Schools from any other school system, the principal shall, within thirty (30) days of the child's enrollment, obtain the child's record from the school in which the child previously was enrolled. If a copy of the child's record from the previous school is provided by the parent, the principal shall, within thirty (30) days of the child's enrollment, request written verification of the school record from the previous school. Any information received indicating that the transferring child is a missing child shall be reported promptly to the Superintendent and the North Carolina Center for Missing Persons.

C. Who May Inspect and Review Student Records

A parent or an eligible student shall be allowed to inspect and review the student's records upon proper request. The school may attempt to notify the custodial parent of any request made by the non-custodial parent for access to or release of information in the child's education records. If information within a student's record includes information on any other student, the parent or eligible student shall have the right to inspect and review only the part of the record that pertains to their student or to be informed of the specific information related to their student.

Once a student becomes an eligible student, the rights of the parent under this policy terminate and all such rights transfer to the student with one exception: the parents of an eligible student, who is classified as a dependent of the parent for income tax purposes, may review their child's records without his/her student's consent.

D. Right to Inspect and Review Student Records

Except as modified in section 10 below, requests to review a student's records, including records that are electronically maintained, should be made in writing to the school principal or designee. The review shall be scheduled within a reasonable period of time, no later than 45 calendar days following the written request to the principal or designee. A formal review of a student's complete records shall be conducted only in the presence of the principal or a school official designated by the principal.

E. Copies of Student Records

Copies of student records shall be provided within 45 calendar days of receiving a written request of a parent or eligible student. A fee may be charged to a parent or eligible student for copies of a student's record according to a fee schedule developed by the Superintendent, unless the effect of charging the fee is to effectively prevent a parent or eligible student from exercising the right to inspect and review the student's educational records.

F. Release of Student Records

Except in the circumstances outlined below, a parent or eligible student must provide written consent prior to the release of personally identifiable information from a student's record.

When personally identifiable information from a student's records is released without prior written consent of the parent or eligible student, the party to whom

the information is released shall agree not to disclose the information to any other party without the prior consent of the parent or eligible student. Pursuant to federal law, names, addresses and telephone listings of secondary school students shall be released to military recruiters and institutions of higher education upon request, whether or not such information is designated directory information by the school system. Parents or eligible students may request that this information not be released without prior written consent by the parent or eligible student. Annually, parents and eligible students will be notified of the opportunity to make such a request.
