1 A BILL TO BE ENTITLED  
2 AN ACT AUTHORIZING COUNTIES TO ASSUME RESPONSIBILITY FOR  
3 CONSTRUCTION, IMPROVEMENT, OWNERSHIP, AND ACQUISITION OF PUBLIC  
4 SCHOOL PROPERTY.

5 The General Assembly of North Carolina enacts:

6 SECTION 1. Chapter 153A of the General Statutes is amended by adding a new  
7 section to read:

8 **"§ 153A-158.1A. Authority to assume responsibility for construction, improvement,**  
9 **ownership, and acquisition of public school property.**

10 (a) Scope. – This section applies only in a county that elects by resolution to assume  
11 responsibility for some or all of owning, siting, acquiring, constructing, equipping, expanding,  
12 improving, repairing, and renovating property for use by a named school administrative unit  
13 located wholly within the county but only to the extent and under the terms and conditions  
14 specified in the board of county commissioners' resolution. If such election is made, that school  
15 administrative unit shall no longer exercise such power for any construction, improvement,  
16 ownership, or acquisition of any property for which the county has made that election; the  
17 election may, however, leave the school administrative unit with responsibility for equipment  
18 and for maintenance and repairs in categories or amounts named in the resolution.

19 Any responsibility for school property transferred by resolution pursuant to this section  
20 shall be for a minimum period of 10 years, renewable by subsequent resolution of the board of  
21 commissioners in 10-year increments.

22 (b) Construction or Improvement by County. – A county may by resolution elect to  
23 construct, equip, expand, improve, repair, renovate, or otherwise make available property for  
24 use by a school administrative unit within the county. The county shall consult the board of  
25 education in the siting, design, construction, equipping, expansion, improvement, or renovation  
26 of the property.

27 (c) Ownership of School Property. – A county may by resolution provide that any  
28 interest in real property or school capital funds presently held by the board of education shall  
29 vest in the county. A county may also by resolution provide that any interest in real property or  
30 school capital funds acquired for the use of a school administrative unit in the future shall vest  
31 in the county. A copy of any such resolution shall be certified by the clerk of the board of  
32 commissioners and sent to the clerk of the board of education. The board of education shall,  
33 within 30 days of entry of the resolution, execute any documents or deeds necessary to

1 effectuate the transfer under the exact terms set forth in the resolution. The county shall pay the  
2 costs of executing the documents or deeds and effectuating the transfer.

3 As used in this section:

4 (1) Interest in real property includes, but is not limited to, (i) fixtures, (ii)  
5 leaseholds, and (iii) other capital assets.

6 (2) School capital funds includes, but is not limited to, all or part of (i) funds  
7 appropriated to the school capital outlay fund and (ii) funds allocated for  
8 school capital from the Public School Building Capital Fund to the county or  
9 to local school administrative units located wholly within that county in  
10 accordance with G.S. 115C-546.2(a) and (d).

11 (d) Insurance of Public School Property. – For school property affected by a resolution  
12 entered pursuant to this section, a county may elect to (i) leave current risk management  
13 programs operated by the school board in place, (ii) secure insurance from the system of  
14 insurance operated by the State Board of Education pursuant to Article 38 of Chapter 115C of  
15 the General Statutes, (iii) secure insurance from other sources, or (iv) utilize any combination  
16 of these options.

17 Moneys paid to a county pursuant to contracts of insurance against loss of capital assets  
18 through fire or casualty shall be used to repair or replace the damaged asset or if the asset is not  
19 repaired or replaced, placed to the credit of the county capital outlay fund for public schools for  
20 appropriation at some future time.

21 (e) Liability. – A county shall not be liable for the acts or omissions of school  
22 employees in or on school property owned, acquired, leased, or improved by the county by a  
23 resolution entered pursuant to this section.

24 (f) Use of School Property. – Any interest in school property, whether real or personal,  
25 acquired by a county under the provisions of this section shall be conclusively presumed to be  
26 for the exclusive use by the school administrative unit for public school purposes to the same  
27 extent as if the property were owned by the school administrative unit. Therefore, property  
28 acquired by a county from a board of education under the provisions of the act shall not  
29 constitute the exercise of eminent domain power and shall not otherwise entitle the board of  
30 education or school administrative unit to any funds or other consideration for any property so  
31 acquired by or transferred to the county.

32 For school property affected by a resolution entered pursuant to this section, the board of  
33 education shall continue to have the exclusive authority to determine whether and when such  
34 school property is unnecessary or undesirable for public school purposes, in which event the  
35 board of education shall so inform the county board of commissioners. The county shall then  
36 either (i) dispose of the property and use the proceeds to reduce the county's bonded  
37 indebtedness for schools or for school capital outlay purposes or (ii) use the property for  
38 nonschool purposes and use an amount negotiated by the two boards as the fair market value of  
39 the property to reduce the county's bonded indebtedness for schools or for school capital outlay  
40 purposes."

41 **SECTION 2.** G.S. 115C-207(2) reads as rewritten:

42 **"§ 115C-207. Authority and responsibility of local boards of education.**

43 Every local board of education that uses State funds to implement programs under this

 13 property by nonschool groups, only as authorized by the county  
 14 commissioners.

 16 its public schools and submit these rules along with adopted programs and

19 Programs and plans developed by a local board of education may provide for the  
 20 establishment of one or more community schools advisory councils for the public schools  
 21 under the board's jurisdiction and for the employment of one or more community schools  
 22 coordinators. The local board of education shall establish the terms and conditions of  
 23 employment for the community schools coordinators.

24 Every local board of education using State funds to implement a community schools  
 25 program under this Article may enter into agreements with other local boards of education,  
 26 agencies and institutions for the joint development of plans and programs and the joint  
 27 expenditure of these State funds."

28 **SECTION 3.** G.S. 115C-426 reads as rewritten:

21 local current expense fund, or the capital outlay fund, or both, by the board of county  
22 commissioners is not ~~sufficient~~ sufficient, when added to the moneys appropriated by the  
23 county for school capital projects for which the county has assumed responsibility pursuant to  
24 G.S. 153A-158.1A, to support a system of free public schools, the chairman of the board of  
25 education and the chairman of the board of county commissioners shall arrange a joint meeting  
26 of the two boards to be held within seven days after the day of the county commissioners'  
27 decision on the school appropriations.

28 Prior to the joint meeting, the Senior Resident Superior Court Judge shall appoint a  
29 mediator unless the boards agree to jointly select a mediator. The mediator shall preside at the  
30 joint meeting and shall act as a neutral facilitator of disclosures of factual information,  
31 statements of positions and contentions, and efforts to negotiate an agreement settling the  
32 boards' differences.

33 At the joint meeting, the entire school budget shall be considered carefully and judiciously,

40 **SECTION 5.** G.S. 115C-517 reads as rewritten:

41 "**§ 115C-517. Acquisition of sites.**

42 Local boards of education or boards of county commissioners acting pursuant to  
43 G.S. 153A-158.1 or G.S. 153A-158.1A may acquire suitable sites for schoolhouses or other  
44 school facilities either within or without the local school administrative unit; but no school may  
45 be operated by a local school administrative unit outside its own boundaries, although other  
46 school facilities such as repair shops, may be operated outside the boundaries of the local  
47 school administrative unit. Whenever any such board of education is unable to acquire or  
48 enlarge a suitable site or right-of-way for a school, school building, school bus garage or for a  
49 parking area or access road suitable for school buses or for other school facilities by gift or  
50 purchase, condemnation proceedings to acquire same may be instituted by such board under the  
51 provisions of Chapter 40A of the General Statutes, and the determination of the local board of

1 education of the land necessary for such purposes shall be conclusive. A board of county  
2 commissioners may acquire such property pursuant to G.S. 153A-158.1 or G.S. 153-158.1A."

3 **SECTION 6.** G.S. 115C-519 reads as rewritten:

4 **"§ 115C-519. Deeds to property.**

8 deeds. All deeds to school property owned by a county shall, after registration, be delivered to  
9 the clerk of board of county commissioners, and the clerk shall provide a safe place for  
10 preserving all such deeds."

11 **SECTION 7.** G.S. 115C-521 reads as rewritten:

12 **"§ 115C-521. Erection of school buildings.**

13 (a) It shall be the duty of local boards of education to provide classroom facilities  
14 adequate to meet the requirements of G.S. 115C-47(10) and 115C-301. Local boards of  
15 education shall submit their long-range plans for meeting school facility needs to the State  
16 Board of Education by January 1, 1988, and every five years thereafter.

17 In developing these plans, local boards of education shall consider the costs and feasibility  
18 of renovating old school buildings instead of replacing them. For school facilities for which a  
19 county has assumed responsibility pursuant to G.S. 153A-158.1A, the county shall provide the  
20 local board of education with information necessary for this consideration.

21 (b) It shall be the duty of the boards of education of the several local school  
22 administrative school units of the State to make provisions for the public school term by  
23 providing adequate school buildings equipped with suitable school furniture and apparatus. The  
24 needs and the cost of those buildings, equipment, and apparatus, except those for which the  
25 county has assumed responsibility pursuant to G.S. 153A-158.1A, shall be presented each year  
26 when the school budget is submitted to the respective tax-levying authorities. The boards of  
27 commissioners shall be given a reasonable time to provide the funds which they, upon  
28 investigation, shall find to be necessary for providing their respective units with buildings  
29 suitably equipped, and it shall be the duty of the several boards of county commissioners to  
30 provide funds for the same.

31 Upon determination by a local board of education that the existing permanent school  
32 building does not have sufficient classrooms to house the pupil enrollment anticipated for the  
33 school, the local board of education may acquire and use as temporary classrooms for the  
34 operation of the school, relocatable or mobile classroom units, whether built on the lot or ~~not,~~  
35 ~~which~~ not. If the county has assumed responsibility pursuant to G.S. 153A-158.1A for providing  
36 such classrooms, the county may acquire these units. These units and method of use shall meet  
37 the approval of the School Planning Division of the State Board of Education, Education and  
38 ~~which units~~ shall comply with all applicable requirements of the North Carolina State Building  
39 Code and of the local building and electrical codes applicable to the area in which the school is  
40 located. These units shall also be anchored in a manner required to assure their structural safety  
41 in severe weather. The acquisition and installation of these units shall be subject in all respects  
42 to the provisions of Chapter 143 of the General Statutes. The provisions of Chapter 87, Article  
43 1, of the General Statutes, shall not apply to persons, firms or corporations engaged in the sale  
44 or furnishing to local boards of education or boards of county commissioners and the delivery  
45 and installation upon school sites of classroom trailers as a single building unit or of relocatable  
46 or mobile classrooms delivered in less than four units or sections.

47 (c) The building of all new school buildings and the repairing of all old school  
48 buildings shall be under the control and direction of, and by contract with, the board of  
49 education for which the building and repairing is ~~done~~ done, or if the county has assumed  
50 responsibility pursuant to G.S. 153A-158.1A for such activities, under the control and direction  
51 of, and by contract with the county. If a board of education or a board of county commissioners

1 is considering building a new school building to replace an existing school building, the board  
2 shall not invest any construction money in the new building unless it submits to the State  
3 Superintendent and the State Superintendent submits to the North Carolina Historical  
4 Commission an analysis that compares the costs and feasibility of building the new building  
5 and of renovating the existing building and that clearly indicates the desirability of building the  
6 new building. No board of education or board of county commissioners shall invest any money  
7 in any new building until it has (i) developed plans based upon a consideration of the State  
8 Board's facilities guidelines, (ii) submitted these plans to the State Board for its review and  
9 comments, and (iii) reviewed the plans based upon a consideration of the comments it receives  
10 from the State Board. No local board of education or board of county commissioners shall  
11 contract for more money than is made available for the erection of a new building. However,  
12 this subsection shall not be construed so as to prevent boards of education from investing any  
13 money in buildings that are being constructed pursuant to a continuing contract of construction  
14 as provided for in G.S. 115C-441(c). All contracts for buildings shall be in writing and all  
15 buildings shall be inspected, received, and approved by the local superintendent and the  
16 architect before full payment is made therefor. Nothing in this subsection shall prohibit boards  
17 of education from repairing and altering buildings with the help of janitors and other regular  
18 employees of the board.

19 In the design and construction of new school buildings and in the renovation of existing  
20 school buildings that are required to be designed by an architect or engineer under  
21 G.S. 133-1.1, the local board of education or the board of county commissioners shall  
22 participate in the planning and review process of the Energy Guidelines for School Design and  
23 Construction that are developed and maintained by the Department of Public Instruction and  
24 shall adopt local energy-use goals for building design and operation that take into account local  
25 conditions in an effort to reduce the impact of operation costs on local and State budgets. In the  
26 design and construction of new school facilities and in the repair and renovation of existing  
27 school facilities, the local board of education or the board of county commissioners shall  
28 consider the placement and design of windows to use the climate of North Carolina for both  
29 light and ventilation in case of power shortages. A local board shall also consider the  
30 installation of solar energy systems in the school facilities whenever practicable.

31 In the case of any school buildings erected, repaired, or equipped with any money loaned or  
32 granted by the State to any local school administrative unit, no board of education or board of  
33 county commissioners, if the county has assumed responsibility pursuant to G.S. 153A-158.1A  
34 for such activities, shall invest any money until it has (i) developed plans based upon a  
35 consideration of the State Board's facilities guidelines, (ii) submitted these plans to the State  
36 Board for its review and comments, and (iii) reviewed the plans based upon a consideration of  
37 the comments it receives from the State Board.

38 (c1) No local board of education or board of county commissioners shall apply for a  
39 certificate of occupancy for any new middle or high school building until the plans for the  
40 science laboratory areas of the building have been reviewed and approved to meet accepted  
41 safety standards for school science laboratories and related preparation rooms and stockrooms.  
42 The review and approval of the plans may be done by the State Board of Education or by any  
43 other entity that is licensed or authorized by the State Board to do so.

44 (d) Local boards of education shall make no contract for the erection of any school  
45 building unless the site upon which it is located is owned in fee simple by the board: Provided,  
46 that the board of education of a local school administrative unit, with the approval of the board  
47 of county commissioners, may appropriate funds to aid in the establishment of a school facility  
48 and the operation thereof in an adjoining local school administrative unit when a written  
49 agreement between the boards of education of the administrative units involved has been  
50 reached and the same recorded in the minutes of the boards, whereby children from the

1 administrative unit making the appropriations shall be entitled to attend the school so  
2 established.

3 In all cases where title to property has been vested in the trustees of a special charter district  
4 which has been abolished and has not been reorganized, title to the property shall be vested in  
5 the local board of education of the county embracing the former special charter district.

6 (e) The State Board of Education shall establish within the Department of Public  
7 Instruction a central clearinghouse for access by local boards of education or boards of county  
8 commissioners that may want to use a prototype design in the construction of school facilities.  
9 The State Board shall compile necessary publications and a computer database to distribute  
10 information on prototype designs to local school administrative ~~units~~ units and to counties that  
11 have assumed responsibility for construction of school facilities pursuant to G.S. 153A-158.1A.  
12 All architects and engineers registered in North Carolina may submit plans for inclusion in the  
13 computer database and these plans may be accessed by any person. The original architect of  
14 record or engineer of record shall retain ownership and liability for a prototype design. The  
15 State Board may adopt rules it considers necessary to implement this subsection."

16 **SECTION 8.** G.S. 115C-524 reads as rewritten:

17 **"§ 115C-524. Repair of school property; use of buildings for other than school purposes.**

18 (a) Repair of school buildings is subject to the provisions of G.S. 115C-521(c) and (d).

19 (b) It shall be the duty of local boards of education and tax-levying authorities, in order  
20 to safeguard the investment made in public schools, to keep all school buildings in good repair  
21 to the end that all public school property shall be taken care of and be at all times in proper  
22 condition for use. It shall be the duty of all principals, teachers, and janitors to report to their  
23 respective boards of education immediately any unsanitary condition, damage to school  
24 property, or needed repair. All principals, teachers, and janitors shall be held responsible for the  
25 safekeeping of the buildings during the school session and all breakage and damage shall be  
26 repaired by those responsible for same, and where any principal or teacher shall permit damage  
27 to the public school buildings by lack of proper discipline of pupils, such principal or teacher  
28 shall be held responsible for such damage: Provided, principals and teachers shall not be held  
29 responsible for damage that they could not have prevented by reasonable supervision in the  
30 performance of their duties.

31 Notwithstanding the provisions of G.S. 115C-263 and 115C-264, local boards of education  
32 may adopt rules and regulations under which they may enter into agreements permitting  
33 non-school groups to use school real and personal property, except for school buses, for other  
34 than school purposes so long as such use is consistent with the proper preservation and care of  
35 the public school property. If a county has assumed ownership of school property pursuant to  
36 G.S. 153A-158.2, the local board of education shall permit the use of that property by  
37 nonschool groups, only as authorized by the county commissioners. No liability shall attach to  
38 any board of education, individually or collectively, or any board of commissioners,  
39 individually or collectively, for personal injury suffered by reason of the use of such school  
40 property pursuant to such agreements."

41 **SECTION 9.** G.S. 115C-526 reads as rewritten:

42 **"§ 115C-526. Reward for information leading to arrest of persons damaging school**  
43 **property.**

44 Local boards of education and counties are authorized and empowered to offer and pay  
45 rewards in an amount not exceeding three hundred dollars (\$300.00) for information leading to  
46 the arrest and conviction of any persons who willfully deface, damage, destroy or commit acts  
47 of vandalism or larceny of, the property belonging to the public school system or the county  
48 under the jurisdiction of and administered by any local board of education."

49 **SECTION 10.** G.S. 115C-530 reads as rewritten:

50 **"§ 115C-530. Operational leases of school buildings and school facilities.**

1 (a) Local boards of education or counties acting pursuant to G.S. 153A-158.1A may  
2 enter into operational leases of real or personal property for use as school buildings or school  
3 facilities. Operational leases entered into by local boards of education for terms of less than  
4 three years shall not be subject to the approval of the board of county commissioners.  
5 Operational leases entered into by local boards of education for terms of three years or longer,  
6 including periods that may be added to the original term through the exercise of options to  
7 renew or extend, are permitted if all of the following conditions are met:

- 8 (1) The budget resolution includes an appropriation authorizing the current  
9 fiscal year's portion of the obligation.
- 10 (2) An unencumbered balance remains in the appropriation sufficient to pay in  
11 the current fiscal year the sums obligated by the lease for the current fiscal  
12 year.
- 13 (3) The leases are approved by a resolution adopted by the board of county  
14 commissioners. If an operational lease is approved by the board of county  
15 commissioners, in each year the county commissioners shall appropriate  
16 sufficient funds to meet the amounts to be paid during the fiscal year under  
17 the lease.
- 18 (4) Any construction, repair, or renovation of the property is in compliance with  
19 the requirements of G.S. 115C-521(c) relating to energy guidelines.

20 For purposes of this section, an operational lease is defined according to generally accepted  
21 accounting principles and may be for new or existing buildings.

22 (b) Local boards of education or counties acting pursuant to G.S. 153A-158.1A may  
23 enter into contracts for the construction, repair, or renovation of leased property if (i) the  
24 budget resolution includes an appropriation authorizing the obligation, (ii) an unencumbered  
25 balance remains in the appropriation sufficient to pay in the current fiscal year the sums  
26 obligated by the transaction for the current fiscal year, and (iii) the construction, repair, or  
27 renovation is in compliance with the requirements of G.S. 115C-521(c) relating to energy
